

ROUNABOUT VERWOOD

PAST and PRESENT

Goodfellow's General Store

At the junction of Manor Road, Springfield Road and Burnbake Road before the roundabout was built, stood Goodfellow's General Store and Bakery. The bread ovens were at the back of the shop and home baked "dough cakes" were a very popular item.

In the winter, a bucket of hot coals was brought from the bakery and put in the middle of the shop floor for heating. Later it became a "VG" store run by Mr Len Faulkner, it is now the site of Harlees Fish & Chips (finalists for the Fish & Chip Shop Of The Year for two years running).
